FINISHES

Finishes that are properly maintained are guaranteed for three years, for residential use and one year for commercial use.

Frame Finishes: To maintain, wash with a mild natural soap and warm water solution. Prepare a solution of 1/4 cup of mild soap per gallon of water. Use a soft sponge or cleaning rag to clean aluminum frames. Rinse with clean water. It is recommended that furniture inland away from salt air environments be cleaned quarterly or as needed. Furniture near coastal areas, *salt spray must be cleaned from frames on a regular basis (Bi-monthly) or finish may oxidize, discolor and/or blister. Salt spray build up over time without proper cleaning will deteriorate the frame’s finish. Finish failure due to improper cleaning will void Landgrave’s warranty. CAUTION!!! When using floor cleaning chemicals such as chlorine or muriatic acid, furniture MUST be removed from area. Floors MUST be thoroughly rinsed with clean water prior to replacing furniture. Residue from cleaning chemicals may deteriorate the frame’s finish.

See “Care and Maintenance” on our website www.landgrave.com.mx

For verification purposes, it is required that a maintenance sheet be maintained. This sheet must be kept to insure proper cleaning schedules. A cleaning log sheet must have date of cleaning and printed name and signature of person who performed the cleaning. This will help insure furniture and Aluminum umbrellas are properly maintained. As a result of proper cleaning, this will prevent frame painted finish in a salt environment from blistering and/or oxidizing. To maintain an attractive paint finish, apply a coat of car wax (use as instructed) every 4-6 months. We will repair or refinish the frame in the original color and style, or in a similar style if color or model has been discontinued.

FRAMES

5 years for residential use and one year for commercial use. If the cast or extruded aluminum frame fails structurally (i.e., broken frame or welds) under normal use or conditions and that has received regular care and maintenance, we will at our option, replace or repair the frame in the original color and style, if available, or in a similar style if color or model has been discontinued. This is a limited warranty. Proof of purchase along with photos of the damaged goods will be required required showing customers original sales order with name of original purchaser, date with product model numbers and descriptions.

FABRICS

Landgrave warrants outdoor fabrics on cushions and slings, which have been properly maintained and cleaned per manufacturer’s instructions, against mildew for one (1) year when put to ordinary residential use. This Warranty, however does not cover damage caused by water freeze, and the following are not material or manufacturing defects and are not covered by this Warranty: Color variation, natural fiber graining, yarn slubs and textural changes such as “naps” (the raised, fuzzy surface on fabrics such as velvet) that will show as visible hue or color changes after use (crushing and shading); slight and gradual wear including “pilling” (the formation of small balls of fuzz on the fabric surface) due to the friction of normal use; and stretching and wrinkling due to normal use since these characteristics are inherent to material unique nature, . Loss of resiliency should not be confused with the slight and expected softening and flattening of the polyester fiber, feather and down mixture, and foam components that occur as a result of normal use and aging. Such flattening and softening is not a material or manufacturing defect, and is not covered by this Warranty. This warranty does not cover normal care and cleaning, damage from misuse or abuse, improper installation, or costs associated with replacement of the fabric, including labor and installation. Preventing mildew and mold grow on dirt, pollen and other organic matter; its accomplished by simple routine cleanings. Please check our maintenance and care section in our website. Any failures in stitching, zippers, sling rails, cording, buttons, cushion foam or other areas of workmanship will be warrantied for one year. The fabric will not be warrantied if deterioration, discoloration, fading, etc. is due to chemicals, cleaning products, sun lotions et al, use in commercial settings, extreme heat or sunlight.
